A large, stylized number '132' is prominently displayed in the center of the page. The digits are rendered in a bold, blocky font with a metallic, olive-green finish and a dark, recessed outline. The background is a dark, textured surface that resembles leather or a fine-grained material.

This year the Yearbook Staff of St. Joseph's High School has dedicated the 1973 Josepal to changes. We feel that many changes have occurred during our high school years which directly effect our lives.

Beginning 12:00 a.m., January 1, the 18, 19 and 20 year olds became adults. At this point they accepted many responsibilities as well as privileges. Our 18 year olds can now be put on trial, drink, vote, marry, sue, be sued, countersue, and be punished as an adult. As most people can see, the privileges and consequences outweigh each other.

The majority of our seniors will be, if not already, 18 years old. We feel that these students will be ready, willing, and able, to leave their parents' arms and enter the "grown-up" world with no problems. Now as young adults, we not only want to thank these voters for their faith in our generation, but also to show them that we are able to accept this challenge.

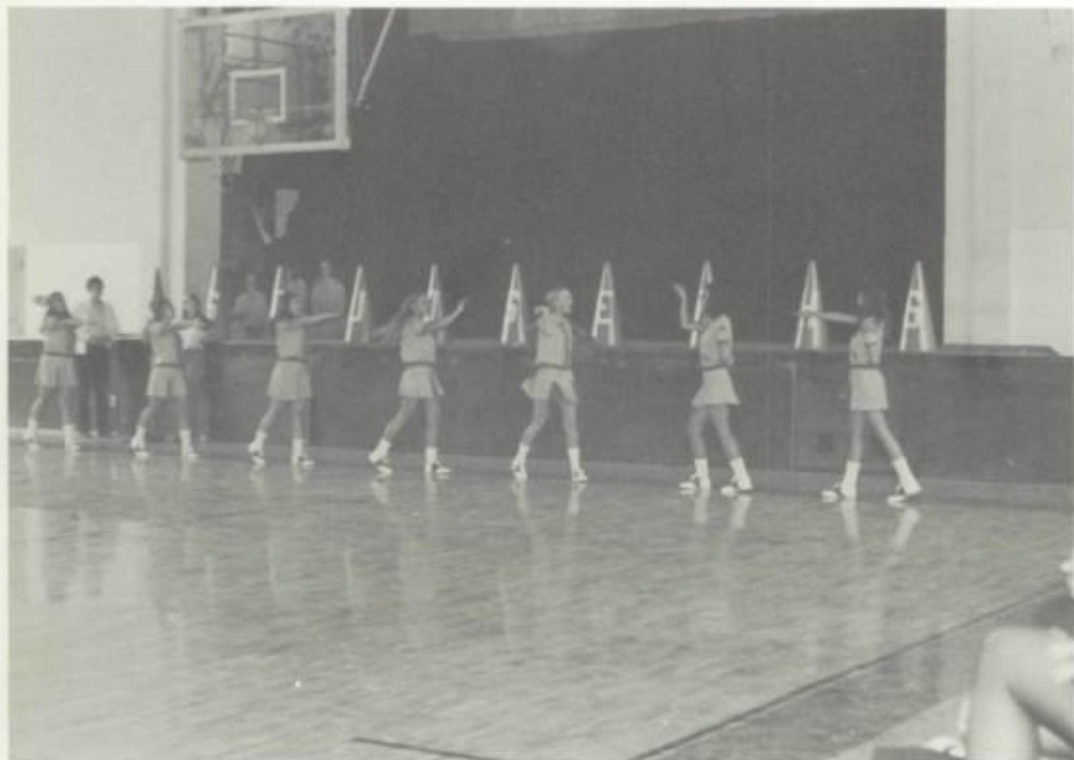

# ATION

Another change is in world affairs. THE WAR IS OVER! After many hours of discussion and debate, the members of the Paris Peace Conference came to an agreement to end the war. The cease fire went into effect and our Prisoners-of-War came home. We can now look forward to living our lives in peace, not war.

The last, but not least change we have seen is right here in St. Joseph's. Beginning last September, the boys' and girls' schools merged together to form one co-ed high school. This change has been very influential in our lives. We now leave high school prepared for the business world, experienced in dealing with the opposite sex. All of us surely have made many new friends and shared many new experiences with our fellow classmates.

And so we, the Yearbook Staff, of St. Joseph's High School, dedicate this book to all these changes and also to every person whom these changes affect in any way.

### YOUNG JAYS GAIN EXPERIENCE

The 1972 Varsity Bluejays were a young team with few players with any varsity playing time. With the lack of veteran talent, the Jays had to build from scratch. Even with the installation of a new system for the team, the Bluejays could only win two games this season. In the beginning, the offense and defense put it together but toward the end of the season the team could not get untracked.

There were several Jays who had good seasons. Among them were Bobby Palu, Al Continanza, Vinny Monte, Adrian Carolan, and Eddie Backus, who received All-County honors.

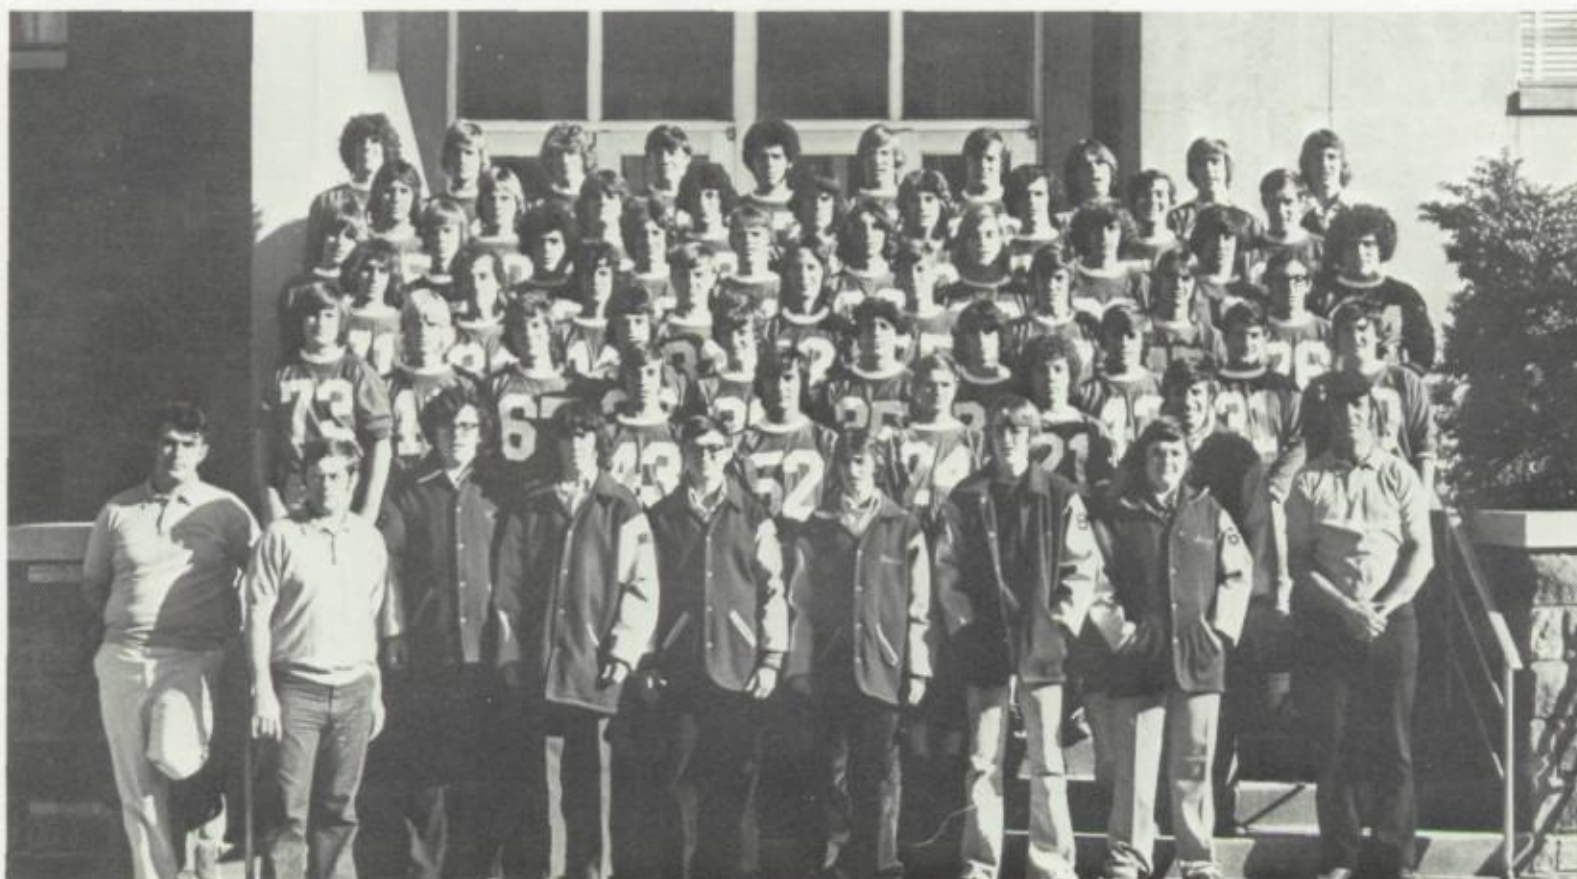

Top Left: Defense does the job. Top Right: Ed Backus turns the corner. Middle Top: Vinny Monte breaks for short gain. Middle Left: Bench awaits playing time. Middle Right: Mr. Garguilo studies the game. Bottom Left: Adrian Carolan views disaster. Bottom Right: Confrontation — Bluejays vs. Bruins.

Robert "Shorty" Keane served as President with Adrienne Lynch and Louie Vasquez as Vice-Presidents, Suzanne Creange as Secretary and Frank Aversa as Treasurer. Mr. Anthony Verdoni served as moderator.

The council sponsored class nights for homerooms requesting them. Film forums featuring old thrillers and comedies were scheduled as fund raisers. A Senior Masquerade was held in October for the first time. The council was also involved in Student Visitation programs with other high schools. The intramural program at St. Joe's was also sponsored by the Student Council under faculty supervision. In addition to these projects, a major aim of this year's council was to reorganize the council structure to make it a more effective means of students expression and representation.

# The National Honor Society

## Comes Together

The National Honor Society expanded greatly as it went into the school-merge. Under the guidance of Sister Cynthia Vives and Mr. Raphael Ledesma, the N.H.S. elected James Breen (President), Judy Pesciotta (Vice-President), Elizabeth Clarke (Secretary), and Edward Backus (Treasurer).

Forty-one students were inducted as active members while another seventeen students were inducted as provisional members, this February. Membership into this society was conferred on students who had given service, displayed leadership, and who had excelled not only in scholarship but who had proved that their character warranted this distinction. Projects for the year included a successful tutoring program by Judy Pesciotta, an annual Christmas drive for the St. Vincent de Paul Society, the variety show under the direction of Denis Mc Guire, and a school evaluation committee.

## Writers' Club

Creative literature is very much alive in St. Joe's as shown by its highly successful Writers' Club. This organization has displayed its talent in the well received magazine THE PHOENIX. In creating poetry and prose, the Writers' Club has shown that literature is not merely for schoolteachers and bookworms but is to be shared with everyone. The hard working moderators and editors have given St. Joe's an outlet for all the writing it has to offer and this talent is great.

Writers' Club: Kevin McCaffrey, Mr. W. Fabiano, Victor Scocc, Mrs. R. DeLuca, Peter McCaffrey, Judy Pesciotta, Mike Fragoso, Mary Coda, Gerry Castanteen.

## Junior Car Wash

On a cold, windy, November day a spirited bunch of juniors got together and invaded the school parking lot with rags, soap, and hoses. With the permission of Fr. Walsh, they descended on unsuspecting victims of their advertising. They did a good job on the cars and each other. The price was \$1.00 and the total contributions for the day came up to \$200.00. Getting wet was half the fun! The cars were washed by about 100 Juniors with a lot of willpower. Most of the students on the Junior Activities Committee stayed all day with Helen Hone and Dave Petrocelli leading the confusion. At the end of the day, the sun went down and so did the exhausted Juniors.

Varsity Basketball Team, Left to Right: Mr. Frank Grasso — head coach, Mr. Daniel Grasso — Asst. coach, Mike Furlong, mgr., Charlie McCarthy, Louie Vazquez, Timmy Stratford, Tommy Higgins, Danny Cosgrove, John Anderson, Mike Cahill, Dennis Hoehl, Joe Zvalaskus, John Brennan, Kevin Kiely, Ed Backus, Ed Cobb, Kenny Furlong, mgr., Gary Larson, mgr.

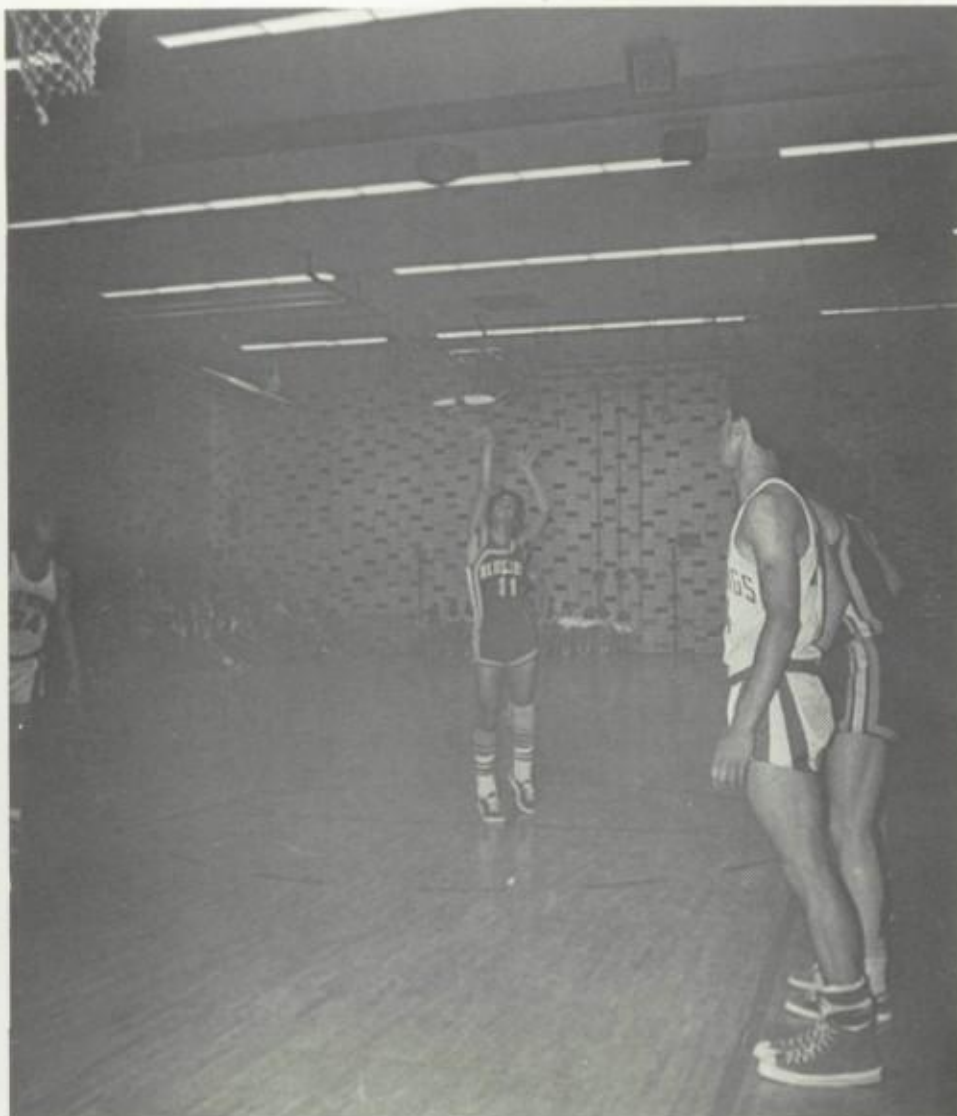

The 1972-73 season for the Jay's was a successful one from many angles. Although they were not picked to be much of a threat in county play, they proved that they can beat some of the best. Although they were unable to beat Memorial, they did play good against other county teams and teams from out of county. They started out on a bad note with several losses and then they began to win their share of games. Several key games for the Jay's were the wins over North Bergen and Weehawken along with the games against St. Joe's Montvale.

There were no real heroes during the season who did their job every game. Kevin Kiely, Dennis Hoehl, Mike Cahill, Louie Vazquez and Tom Higgins did the brunt of the playing. However these five were amply subbed for by Eddie Backus, Tim Stratford, Charlie McCarthy, and Danny Cosgrove. John Brennan, John Anderson, Eddie Cobb, and Joe Zvalaskus saw limited action.

## Library Club

This year a group of kids got together in the Library. Under the supervision of Sister Rita and Mrs. Stratford, they formed the Library Club. This group was co-ed, but was unlike any other club in school. These students, under the guidance of the moderators, transformed the library into an efficient and fast moving one. Even though magazines and books are limited, more have been ordered to put the best possible knowledge at the hands of the students. Sister Rita and Mrs. Stratford graciously gave up some of their time, to teach them the in's and out's of a modern Library which they will use after they leave St. Joe's.

"I'll make you an offer you can't refuse . . ."

## Science Club

In order to breed a new interest for science in the school, the Science Club has enjoyed activity in the field of Biology, Geology and Paleontology, and Chemistry. Besides many experiments, several memorable field trips rounded out the activities of the club.

Victor Scoco, Frank  
Falco.

"C'mon, a little bit more won't hurt."

Brian Hardy, Ed-  
ward Sarti.

During the last year the track team has had its ups and downs. But through the persistent work of the senior members of the team St. Joseph's is continuing in its winning ways.

Senior sprinter Jorge Cardenas has developed into a very fine sprinter in his year on the squad and it looks as if Jorge will bring his skills to fruition in the outdoor season. Another strong runner to be counted on is Mark Ensslin. Mark has turned in very impressive results in his distance events. Rounding out the depth and experience on our squad of sprinters are Robert Sutton, Kevin Couch, and Guido Lagar. This combination is certainly expected to break school records this season. Our distance squad is rounded out by veterans Tim McCann and Martin Sansari who lend solid support to our Mark.

Along with this solid corps of seniors, St. Joseph's is developing a wealth of underclass potential in the likes of Tony Novembre, Joe Petito, Andy Agosto, and David Petrocelli. From the looks of them, track is beginning to come into its own at St. Joes.

## "The Bat"

A change was made this year, when, for the first time, a mystery was performed on St. Joseph's stage. "The Bat" by Mary Roberts Rinehart and Avery Hopwood was held on February 10 and 11 under the direction of Mr. John Dondero. The play was about an old woman who rents a house for the summer, only to find it plagued by mysterious disturbances. Miss Van Gorder was played by Pat Kallo, along with Anthony Andretta (Anderson), Denis Mc Guire (Dr. Wells), Liz Paredes (Lizzie), Dave Petrocelli (Brookes), Ellen Siegfried (Dale Ogden), Jimmy Corless (Reginald Beresford), Mike Rutch (Billy), Joe Mislinski (Richard Fleming), Jim Schettino (Unknown Man), and Tom Lang (Courtleigh Fleming).

Scenery and lighting for the play was supervised by Mr. Thomas Krone. Helen Hone was in charge of properties and Mr. Frank Roberto headed publicity.

Terry Snyers, Renee Creange, Margaret Kelleher, and Suzanne Creange huddle for the Oranges.

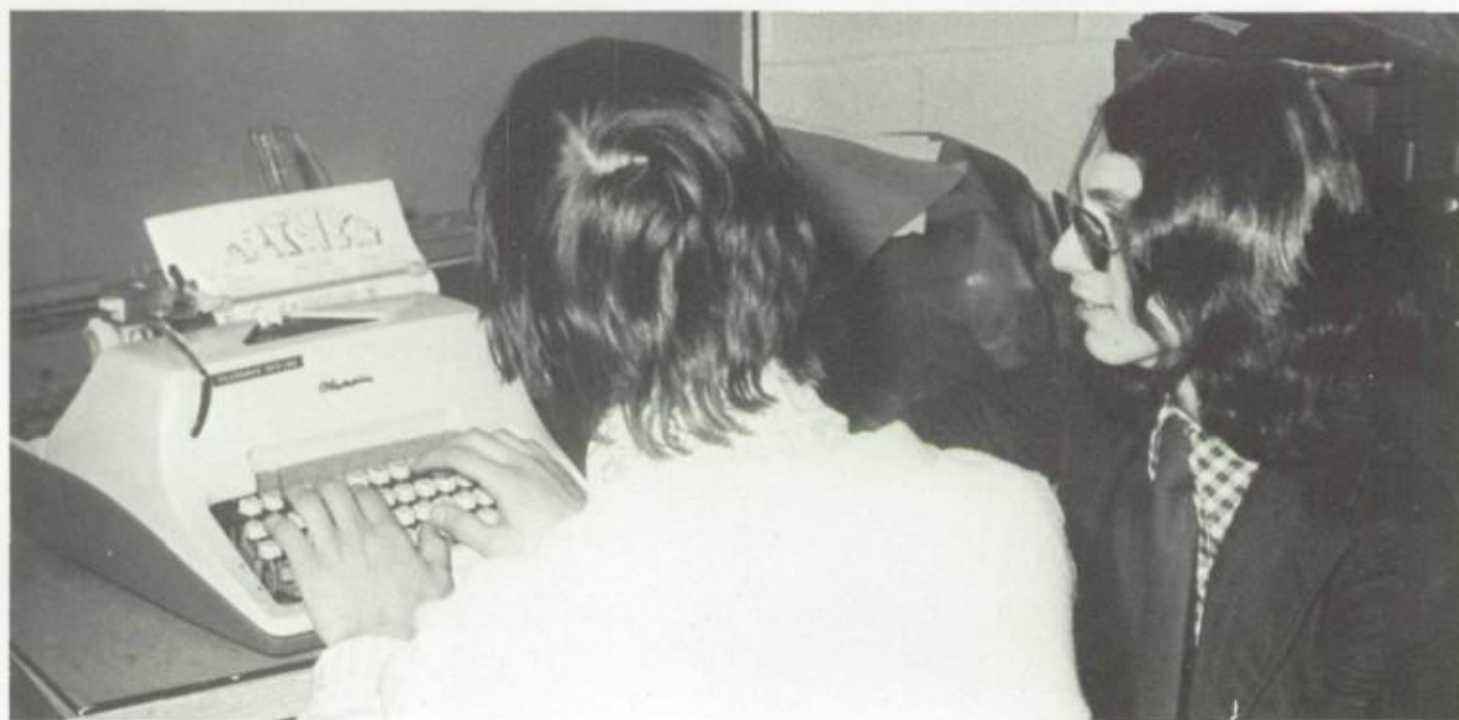

Under the new coaching of Mr. Erin Moore, the Girls' Varsity Basketball Team blasted the county with an 8-4 record. By defeating Memorial High School first, they continued the streak until losses suffered to the Bruins and Bees. In a great showing the second time they played Memorial, they pulled a terrific comeback in the second quarter to beat Memorial 42 to 27 in their own gym. All through their season, their will to win kept them going and winning.

This was the last season for many terrific seniors who gave their all to a fantastic team. They were Pips McGinley, Suzanne Creanga, Roe Walls, Ann Brennan, and Denise Zirolla. Even though they lost four games, there was much more joy in them than sorrow this year. Throughout the season the team showed performance and spirit under the leadership of a talented coach.

## Newspaper

The first thing the newspaper staff did this year was to change the name of the paper to "Anthem". "The Anthem," which is published six times a year, reports sports, activities, and many other important school events. There is also an editorial section where students can express their views. The Anthem staff places the emphasis on reporting, not gossip. Mr. Roberto is the moderator and Ed Sarti is the editor.

Under the coaching of Mr. Ed Dellert and Miss Jeanne Russoniello, the best season for the Girls' Swim Team was completed. Their overall record is 5-5, but they hold an undefeated 4-0 Hudson County Mark. Hopes are high for a County Championship, which as yet, hasn't been swum. The girls are really proud of themselves for the fine display of talent they showed through the year.

St. Joseph's opened its season against St. Joseph's at Metuchen with a loss. The following week, our team lost again to Ramsey in a meet that wasn't decided until the last event.

It wasn't until the Bluejays met Bayonne did they have a chance to show their abilities. They won a decisive victory, defeating the Bees 51 to 44.

During the season, St. Joseph's took an active part in the Second Annual Metropolitan Catholic by showing great effort in qcing 5th in total competition.

Back again in county competition, St. Joseph's beat Marist and Synder in a dual meet with scores of 62 to 35 and 65 to 26. With these and other victories over Ferris, Dickenson, St. Joseph's were again COUNTY CHAMPS!

## Prospective '73

St. Joseph's has once again displayed its efforts in keeping up with changing trends in high school education by presenting the series of diversified discussions and demonstrations known as Prospectives '73. Each period sheet listed such varied careers as law, nursing, medicine, public accounting, and even mortuary science. All were headed by capable speakers well-versed on the aspects of their professions. Other presentations included two films — one on natural childbirth, which evoked mixed reactions from all students who attended it, and the other a film on venereal disease. More visual displays were exhibited by faculty members on Europe and Korea. The lighter vein of topics chosen by the students included instructions in skiing and tennis and amazing demonstrations of extra sensory perception and hypnosis.

## Baseball '73

The 1973 Baseball team should be very strong with ten returning lettermen. This should be one of the finest years in St. Joseph's baseball history. The pitching staff, consisting of Jim Breen, Mark Chapman and Gerry Lee, have all lettered since they were sophomores and should be one of the finest around. This, combined with fine hitting should provide for an exciting and winning season for the Bluejays. Returning All Stars Ed Backus, Mike Tanner and Joe O'Grady will provide a solid batting punch. Coach — Gerry Belotti.

**ST. JOSEPH'S GIRLS' VARSITY BOWLING TEAM**  
The first Girls' Varsity Bowling team in St. Joe's history, coached by Miss McGuinnis, had an outstanding season. They took first place in the H.C.I.A.A. league and are the 1972-73 Hudson County champions.

The outcome was never in doubt from the start — the team won the first match 3-0 and never relinquished first place — ending the season with a 23-7 record.

Skillfully led by their captain, Terry Callahan, the team gave many exciting performances with Candy Gianantonio, Pat Hennessey, Jan Happel and Kathy Person consistently proving their ability.

It was a real team effort — this contributed greatly to their first season being such a success.

# Boys' Bowling Team

St. Joseph's Boys' Bowling Team finished their 1973 bowling season by participating in the State Bowling Championship held in Montclair, New Jersey. The season was highlighted by two clean sweeps of a powerful North Bergen team. Artie Fischer the only senior to find a starting place on this years team, bowled his last match at Montclair. Scott Salotti the Jay's anchor man, averaged 180 for the entire season.

Yearbook	78- 79

Out of the dreaming past, with its legends of steaming seas and gleaming glaciers, mountains that moved and suns that glared, emerges this creature, man — the latest phase in a continuing process that stretches back to the beginning of life. His is the heritage of all that has lived; he still carries the vestiges of snout and fangs and claws of species long since vanished; he is the ancestor of all that is yet to come. Do not regard him lightly — he is you.

"We are at one of the decisive turning

points in the history of humanity,

comparable to the domestication of

animals, the invention of the earliest

tools, the foundation of the first cities,

and the conception of the heliocentric

es a static and

our environment

nt of human history the

of perennial revolution, of a

tinuous process of change. Man's

adjustments to his environment are not

a series of unrelated stages of develop-

ment, . . . but an organic and integrated

chain of events. Thus permanency

exists only in the uninterrupted

continuity of change and in the dynamic

relations among all aspects of human

activities. In other words, permanency

without synthesis is a delusion."
